

iKBBBI Create New Business Opportunities for Members

Press Release Date: 1st May 2009 (National Release)

The Institute of Kitchen, Bedroom & Bathroom Installers (iKBBBI) have worked with the national web based retailer the Big Bathroom Shop to develop an installation model and ultimately create work for their members.

Despite the economic slowdown and industry woes, opportunities have been created to support installers nationally with an exciting new relationship between the iKBBBI and national retailer The Big Bathroom Shop.

After several months of development The Big Bathroom Shop, stockists of major brands such as Twyford, Laufen, Vitra, Aqualux, Crosswater, Grohe, Milano, Hudson Reed, Simpsons and many others, are working in partnership with the southern based installation management business, Retail Installation Services (Retail-IS), creating new opportunities (work) for iKBBBI members.

iKBBBI director Damian Walters said: "We're pleased that, after a long period of due diligence and planning, The Big Bathroom Shop now offer an installed product for their customers for the first time. This will create work opportunities for iKBBBI members and a service that consumers want." Damian went onto say: "This is our first national example of how we can support the industry and create new and exciting relationships (& business) for our members and this may just the beginning".

The next wave of installer recruitment began at the end of April, and continues throughout May. If you're an installer and want to hear more or possibly attend a free road show, contact Retail Installation Services directly on 0845 956 9687 for further information and venue details.

The Big Bathroom Shop Marketing Manager Fiona Berry (pictured) said: "We are delighted to be associated with retail-IS and The Institute of Kitchen, Bedroom & Bathroom Installers to offer our customers an excellent nationwide bathroom installation service".
